**NEW  
PRODUCT**

**57**

- AIR OPERATED HEAVY DUTY 5 CAM BRAKES
- 310MM X 75MM SHOE SIZE
- OUTBOARD BRAKE DRUM
- UNITISED BEARING
- ZERO MAINTENANCE BEARINGS
- TRACK WIDTH TO 2133MM
- WHEELS SUIT LANDCRUISER 5 STUD
- OPTIONAL WHEEL SIZES AVAILABLE

65mm axle

Considered HD for this application as the brake hardware, shoe and cam shaft are sourced from a common 9T axle

Brake is a cut down common 15" assembly at 310x190mm (12 ¼" x 7 ½") brake 9t application. In our TEA application 310x75 (12 ¼" x 3 ½")

Bearing are not disturbed during brake inspection or maintenance

Unitised SKF Bearing, no bearing adjustment needed, no maintenance required

Made locally so axle track is to customer specification

Standard stud pattern is Landcruiser 6 stud, design can accommodate various stud patterns up to a 160mm PCD

General info:

- ADR compliant with 12/16 actuator and 100mm slack setting
- Can be used in 3-6-9t tandem/tri applications
- Axle weight 160kg
- Tyre rating may reduce possible loading/trailer load rating
- TEA have developed a specific 3t wheel package

**3 & 6 TONNE - SINGLE AXLE  
6 & 12 TONNE - TANDEM AXLE  
9 & 18 TONNE - TRI AXLE**

**3T AIR SUSPENSION**

- 3T RATING
- TRAILING ARM DESIGN
- SUPERIOR RIDE PERFORMANCE
- HEAVY DUTY PIVOT BUSH
- OVERSLUNG & UNDERSLUNG AVAILABLE
- VARIOUS RIDE HEIGHTS
- FIRESTONE AIRE SPRING

Weweler supplied 7 ton rated spring

Weweler assistance with design in conjunction with TEA

Weweler standard 9ton pivot bush.  
Weweler tracking and wear plates

Ride heights from 155-175mm and 265-285mm

Convolute air bag or soft ride conventional airbag

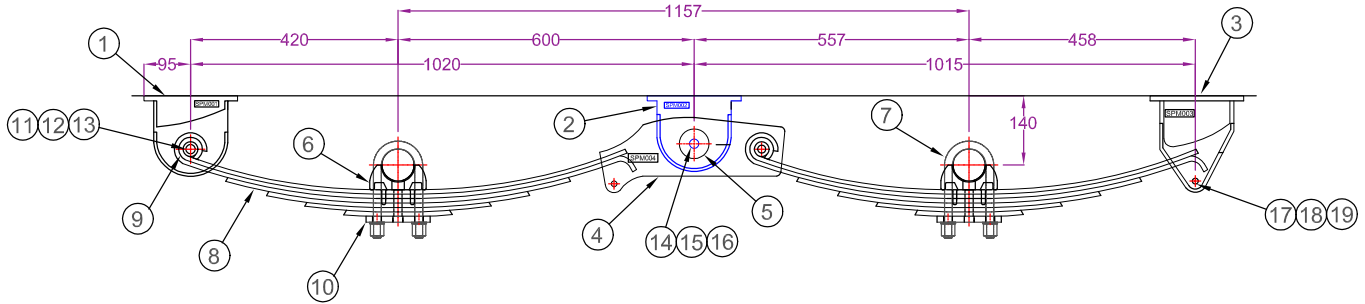

General notes-

- Weweler supplied shocker
- ADR compliant to 6t single axle, 12t tandem, 18t tri configurations
